

ZGO Store – About Us Page

The ZGO Store is your source to an entire realm of fine candles, bath & body products, and home fragrances. We take great pride in offering only natural products, ensuring that you receive the most elegant candles, diffusers, and luxurious bath and body products available. We searched endlessly for the highest quality products around the globe and brought them right here to our store for you to easily browse and enjoy. Our mission is to offer you only the finest products at the most competitive prices with the best customer service around.

Our deluxe candles, diffusers and home fragrances provide a sophisticated touch to any home and create a soothing and pleasurable aroma. The ZGO Store believes that a specially formulated fragrance can bestow relaxation and stress relief by giving off the perfect combination of scents to evoke such feelings. Our selection has been carefully selected based on each product's ingredients and how well their aromas blend together. The end result is an experience that will transform your surroundings into a peaceful oasis — far from every day care or worry. In addition to providing rich — yet delicate — scents to envelope your home, the ZGO store offers bath and body products, as well. If you are in need of a soothing touch at the end of a busy day, our soaps, lotions and body creams will nurture you in pure indulgence.

Our designer products feature exquisite packaging that make great gift giving and add a striking addition to any décor. If you are purchasing one of our products as a gift to someone else, rest assured that ZGO Store wants to make it thoughtful, special, and easy for you. This is why we offer gift wrapping service — upon request — to alleviate some of the stress of gift giving. You may also wish to keep some of our fine candles and other gift products on hand for any unexpected occasions that may arise. The ZGO Store offers quality products designed by AQUIESSE, Archipelago Botanicals, VOTIVO, Paddywax, VOLUSPA, Infusion Organique, Bluewick, Thymes, K. Hall Designs, Pre de Provence, Claus Porto, Lafco and much more.

If you are in the San Francisco area, please visit our newly opened retail store in the Hayes Valley neighborhood. We can be found at the corner of Gough and Hickory Streets where we feature our entire line of candles and bath and body products — along with home accessories not yet available online.

ZGO Store appreciates your business and your continued trust in us.
